Re: Charles Drive Reconstruction Project

Dear Jason,

I want to personally thank you and your company for the hard work and consideration displayed during the paving of Charles Drive. It was obvious that Kilgore Paving and Maintenance was willing to do whatever it took to make sure the project was a success. Mother Nature seems to have a way of displaying who's the boss; thanks to Kilgore we were able to turn a bad situation into something to be proud of.

Please pass on my sincere appreciation to all those involved with the Charles Drive Reconstruction Project.

Sincerely,

Jerry A. Schlie
Engineering Operations Manager
West Valley City
